CARPE DIEM, freely translated, means "Seize the immediate opportunity." Nelson County High School seeks to provide these opportunities not only in the academic, vocational and business areas, but also on the athletic field and in extra-curricular activities. Since what one becomes tomorrow is largely determined by what he does today, the chance for accomplishment is limitless for those who welcome every challenge and take advantage of every opportunity. CARPE DIEM!

FOREWORD

The business students find that instruction in office machines is valuable in preparing them for their jobs in the future.

There have been some very favorable reports on the success of the Russian class that was started at our high school in September.

INCREASED OPPORTUNITIES

The citizens of Nelson County have increased the opportunities for learning by financing the new addition to our high school. Here one will find new library facilities, a new science room, language laboratories and much-needed classroom space.

Mr. Harville and Mr. Carter study the blueprints during the construction.

Mr. J. B. M. Carter
Superintendent of Nelson County Public Schools

DEDICATION

To one who has long deserved the honor, we humbly dedicate this yearbook.

This dedication is but a small token of our heartfelt appreciation for his untiring devotion to his duty of providing the best possible educational facilities for the young people of Nelson County.

ADMINISTRATION

Capitol Building at Richmond, Virginia

Nelson County High School is fortunate to include in its administrative officers and faculty people who come well prepared to be of service to the school. They have much to offer and, though their duties are varied and difficult, they persevere in our instruction and guidance through our formative years. Let us not fail to make the most of the opportunity of profiting by what they have to give us. Carpe diem.

FACULTY

We welcome the new teachers who have joined us for the 1964-65 session.

ASSISTANT PRINCIPAL

Mr. C. M. Price, Jr.

Mr. Price is never too busy to be of assistance.

OUR PRINCIPAL

Mr. J. W. Harville

We will ever be thankful for our principal's counsel and encouragement during the school year. We recognize his untiring aid in providing those "golden opportunities" for learning.

Mr. Harville dictates the daily announcements to his secretary, Mrs. White.

ENGLISH DEPARTMENT

Mrs. Mary Anna H. Griggs
Mrs. Sarah C. Crumpler
Mrs. Carolyn H. Salter
Mrs. Faye P. Rutherford
Mrs. Sandra H. Eagle

Miss Irene Hughes was absent
when picture was taken.

The function of the English Department is threefold: to excite interest through an understanding of the relationship of literature to life, to emphasize the importance of clear, concise oral and written expression, and to instill a knowledge of the structure of the English language. Encouraging creative ability and making the study of English a practical and vital experience are further aims of the department.

SOCIAL STUDIES DEPARTMENT

Mr. Stephen C. Davis
Mrs. Sandra N. Robbins
Mrs. Madeline B. Gardner
Mrs. Lillian R. Coleman
Mrs. Catherine H. Whitehead

The basic aim of the Social Studies Department is to give the students an awareness of the world in which they live. To gain such an understanding it is necessary for students to study the past, basic geographic concepts and citizenship which built together enable students to go forth into the world as intelligent inquisitive people.

SCIENCE DEPARTMENT

Mrs. Hazel H. Morrell
Mrs. Cookie D. Woods
Mr. John T. White
Miss Ruth Androvich

The Science Department has the opportunity and privilege of guiding the normal curiosity of high school students toward a serious interest in their natural environment and the changes it may undergo. The emphasis is placed on adopting the material presented to the individual as to create a better appreciation of the world in which he lives.

MATH DEPARTMENT

Mr. Charles E. Cox
Mrs. Regina G. Withers
Mrs. Rose E. Mason
Mr. James C. Johnston

The new five-year program as suggested by the change to "modern" math has been in effect for the second year. This senior class will be the last group to finish under the old program. A new addition this year to the usual Math 9 was the supplementary S. M. S. G. material thereby making the course more meaningful and profitable.

HOME ECONOMICS DEPARTMENT

Mrs. Nancy T. Parr
Mrs. Faye W. Huffer

The study of homemaking is of value to students enrolled in all high school programs. Every girl is a potential homemaker and work of this type not only helps her to develop as a person, but also to prepare for the most important of all vocations, that of homemaking.

AGRICULTURE AND FARM MECHANICS

Mr. E. Harris Puckett
Mr. Carlton T. Clarke

Nelson County High School offers a four-year program in vocational agriculture which is planned to acquaint and prepare students for the many occupations in the industry of agriculture. The program includes plant and animal science, mechanical drawing, welding, electricity, internal combustion engines, hot and cold metal, woodwork and other areas.

BUSINESS EDUCATION DEPARTMENT

Mrs. Pauline B. Harvey
Mrs. Mary C. Roberts
Mrs. Catherine G. Lincoln

One of our aims in the Business Education Department is to help make the transition from high school to the initial job a satisfactory one for both the student and the employer. We feel that we can accomplish this by using the latest textbooks and teaching methods in developing the skills required for the clerical and stenographic jobs.

FOREIGN LANGUAGE DEPARTMENT

Mrs. Caroline C. Tucker
Mrs. Beverly D. Hill
Mrs. Joanne F. Lee

The Foreign Language Department hopes that in teaching children Latin, French, Russian or Spanish we will enrich their lives with a language other than their own, and also with a glimpse of the life, people, and customs of the lands in which that language is spoken.

LIBRARIAN

Mrs. Lynn F. Clarke

The new library has provided much needed space for the librarian's work and for the storage of audio-visual equipment. There is sufficient space for seating more students and for books to be added in the future.

PHYSICAL EDUCATION DEPARTMENT

Front Row:

Mrs. Hazel H. Morrell
Mr. J. Sherman League
Miss Frances Faucette

Second Row:

Mr. A. Wayne Mahanes
Mr. C. M. Price, Jr.

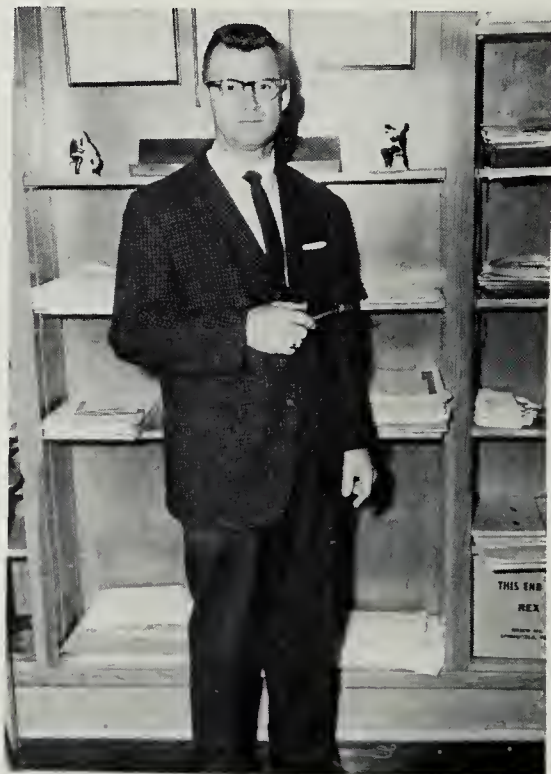

The Physical Education Department is placing its emphasis on physical fitness for all students through vigorous exercise. Our aim is for each student to be fit enough to pass the minimum physical fitness test set up by the Federal Program. In addition, we are stressing the basic skills and rules of a number of sports. The three-year unit plan is being used in the health classes, covering 1/3 of the book each year.

MUSIC DEPARTMENT

The Music Department is made up of band and choral offerings. Anyone in school is eligible for either organization, upon showing any degree of musical aptitude.

The 70-piece band has achieved a degree of reputation in our area both in concert work and in their marching prowess. Playing the most difficult grade VI music last year for the first time, the band received a rating of Good. The same grade will be played again this year.

The 48-voice chorus has some of the best singers of the history of the group. By using some of the girls in the tenor parts to help the small group of boys, a well-balanced performing group is possible.

Mr. Robert G. Sanger

GUIDANCE DEPARTMENT

This fall the Guidance Department moved into new quarters and, now that students have learned not to go to the clinic but to what was the Music Department, work is proceeding as usual. The counselors hope that this expansion in space will make possible an expansion in services.

Mrs. Coleman and Mrs. Whitehead look over some of their brochures on careers.

Mrs. Coleman checks over the blue slips for subject failures.

The faculty Guidance Committee, composed of Mr. Price, Mr. Clarke, Mrs. Lincoln, Mrs. Coleman and Mrs. Whitehead, meets once a month to discuss problems in the area of guidance.

Mrs. Whitehead agrees that the extension telephone in the Guidance Department saves time and shoe leather.

SERVICES

Service to one's associates is one of the most rewarding of all human activities, and the need for willing service is omnipresent in every phase of successful operation in every school. To avail ourselves of this opportunity and to develop its fullest possibilities, we must recognize, first of all, that cooperation between the student body and administration is of prime importance. Through cooperative service we can not only find our places in the school, but can also prepare ourselves to meet demands that society may place upon us in our adult lives. Carpe diem.

Mr. Murril Morris has a place to call his own . . . finally. His job as head of maintenance requires storage place for his tools and other equipment necessary for the smooth operation of our county schools. He invites you to visit him in the basement of the new addition.

Mildred, Preston, and Alexander

CUSTODIANS

We would like to take this opportunity to thank our custodians for their efforts in keeping our school clean. We are fortunate to have these three who are dedicated to their work.

We were all saddened by the death of Harry Foster who suffered a heart attack on Nov. 1. He will be remembered for his quiet manner in doing his work.

Mildred Foster works in a tireless manner.

Preston Foster stands ready to lend a helping hand.

TEACHERS RENDER ADDITIONAL SERVICES

Mr. White seems to enjoy his lunch line duty.

Miss Faucette and Miss Androvich help to take up money for ballgame admission.

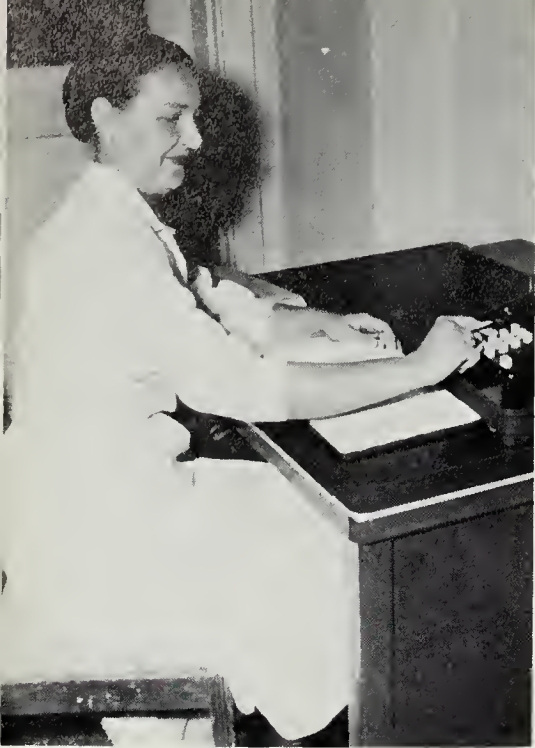

Mrs. Huffer, Mrs. Parr, and Mr. Clarke helped at the concession stand at football games.

The Faculty Advisory Committee, selected by the principal, offers suggestions to improve the operation of our high school. The 1964-65 committee is shown at the right.

CLASSES

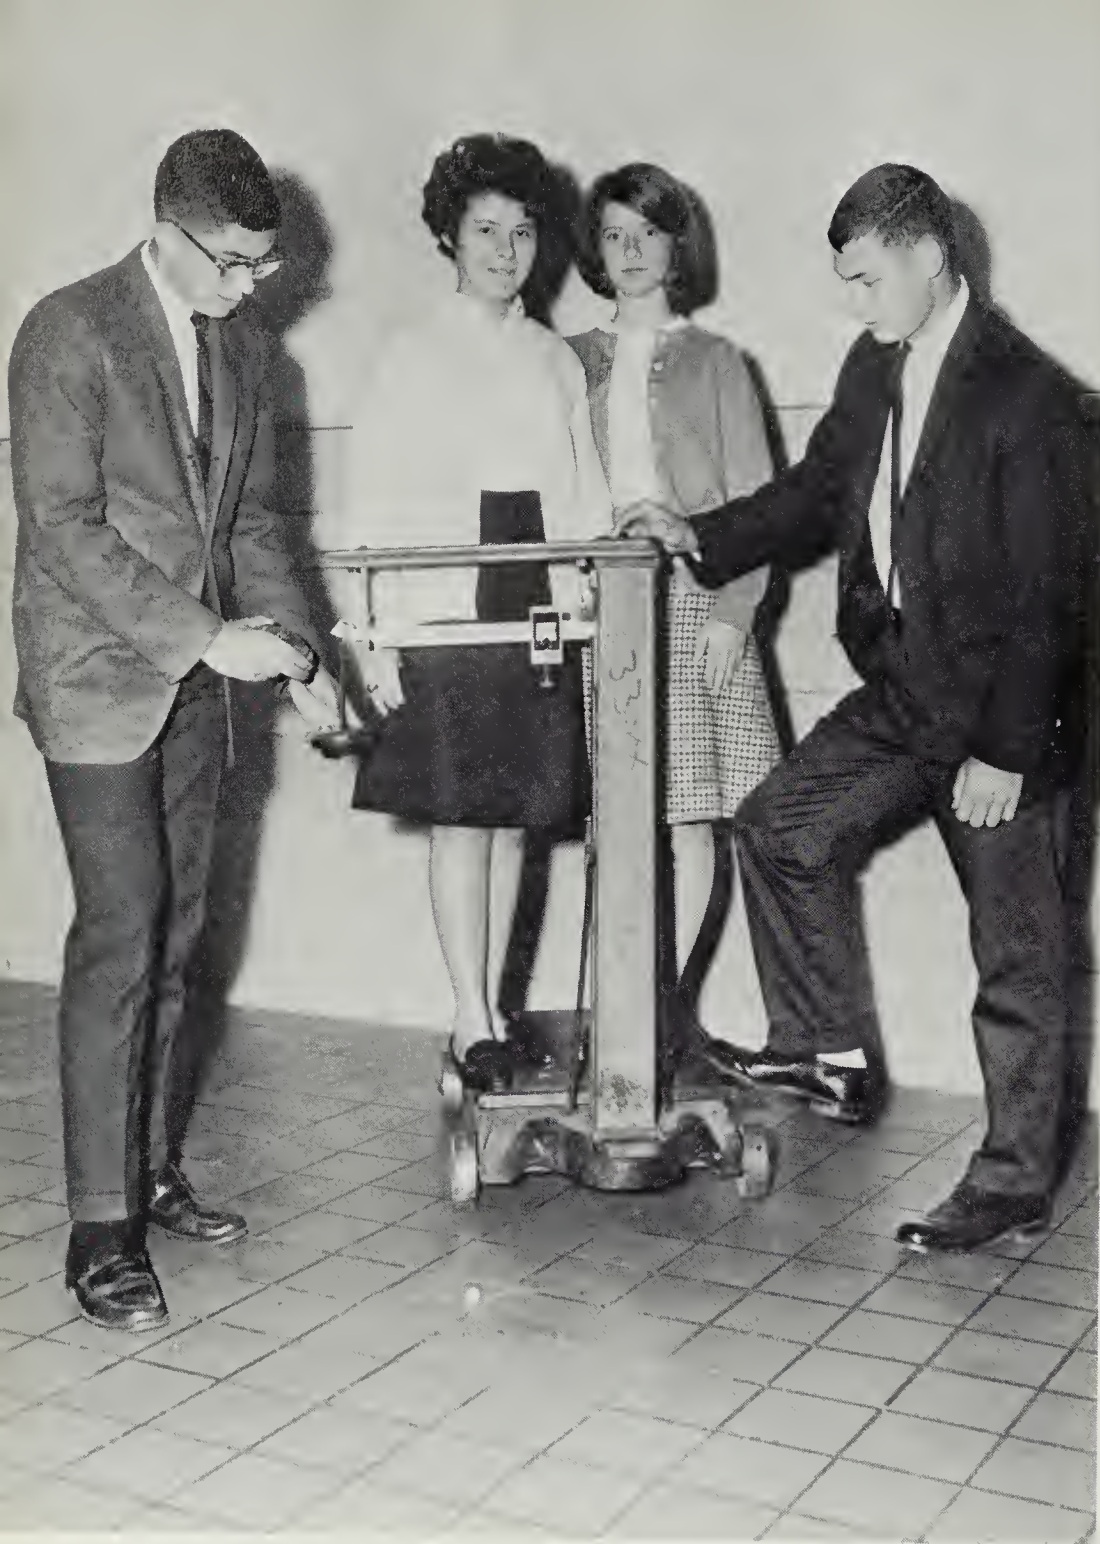

The Lee Chapel at Lexington, Virginia

Competition is the sustenance which nourishes growth and on which success often depends. In the classroom the idea of "your best at all times" is constantly impressed on us, and nothing less than our best is truly acceptable. To compete successfully does not necessarily mean winning over others, but does mean putting forth our best efforts to effect a victory over ourselves. We find opportunity for such self-discipline in all our classes; moreover, our efforts in this direction will better prepare us for successful competition in later life. Carpe diem.

ORGANIZATIONS

The opportunities for sharing through clubs are unlimited since there is a chance for everyone in these student organizations to participate. There is much satisfaction to be gained in belonging to a group, striving toward a common goal. Through the many activities provided, we learn some of the lessons of life: lessons of participation, of using our time wisely, and of getting along with others.

The F. T. A. tea, in honor of the new teachers, was held on October 21, 1964.

The purpose of the National Honor Society is to promote service, leadership, character, and scholarship in its members. Membership in this organization is a very high honor and it carries with it certain responsibilities and privileges. Eligibility is determined by scholarship and requires the approval of the faculty. The main emphasis for this year was "Launching Good Citizenship Through Homemaking". Many projects and programs were carried out to emphasize this theme. Home safety and also on the highways helped to bring out one's responsibility to himself and his community.

Better citizenship around the school was encouraged by observing and following the rules and regulations.

These girls are first-year Future Homemakers of America.

The above group have been in F.H.A. either two, three or four years.

NEWSPAPER

"The students of NCHS should have an accurate, comprehensive record of the school year." Believing this, the SCA decided to sponsor a school newspaper. Thus the GOVERNORS' GAZETTE came into being. Published by the Amherst Publishing Company, it is the first printed newspaper in the history of the school. Its success is due to the cooperation and assistance received from the students, the faculty, and the administration.

LIBRARY CLUB

The Library Club's purpose is to create more interest in the library, among the students and to make the library a more effective and efficient work center. Our goals for this year are to make money to buy books for the library which do not appear on the state's list and to make the library more attractive.

FIRST ROW: Mrs. Clarke, sponsor, Anna Gentry, president, Linda Cook, vice-president, Nellie Quinn, sec.-treasurer. SECOND ROW: Linda Brandt, Bonnie Wood, Frances Truslow, Brenda Phillips, Judy Shelton, Patricia Martin. THIRD ROW: Robby Lynn Anderson, Sue Thompson, Wilma Pugh, Dorothy Jordan, Ava Raines, Sarah Dillard.

THE DRAMA CLUB

The Members of the Drama Club

The club, although it is an extracurricular activity, attempts to provide students an opportunity to develop effective speech characteristics, stage poise, and a keener understanding of human behavior in a situation in which they can also learn to accept responsibility and to work cooperatively with others. The club strives to attract a membership that maintains a good academic status, dependable work habits, and a desire for personal satisfaction in a job well-done. An activity geared to combine work and fun, the Drama Club's second aim is to provide the student body an opportunity to experience the entertainment of "live" stage productions. The program planned for 1964-65 includes an assembly program of selected scenes, two one-act plays, one three-act play, and participation in the District One-Act Play Festival.

Janet Taylor tries to detain Ronald Saunders in rehearsal scene of sketch from "Tea and Sympathy."

Minutes before wedding, the maid gives sandwich to groom as bride looks on in amusement in scene from "The Day After Forever." (Johnny Rodgers, Karen Crady, and Lyndy Seaman rehearsing.)

Exiled Medea pours out her bitterness to women of Corinth, in a sketch taken from "Medea." (Cele Goad, Lyndy Seaman, Myrna Duval, and Tina O'Dell performing in assembly program.)

The real mother, in disguise, mends daughter's dress in touching scene from "The Day After Forever." (Carolyn Campbell, Karen Crady, Betty June Spencer, and Lyndy Seaman rehearsing.)

The F.T.A. is an organization which helps acquaint high school students with the teaching profession. Through the work with the F.T.A. a student has an opportunity to take a realistic look at teaching and to explore his own interests, abilities, and skills so that he can be sure that his decision to teach, or not to teach, will be right for him.

The Camera Club is an organization designed to promote both interest in the field of photography and to help the amateur photographer improve his photographic technique. In doing this, the club feels that it can make an important contribution to the school community.

The active membership, in excess of twenty students, benefits from actual participation in a photographic darkroom laboratory as well as instruction on the simple act of "picture taking." Emphasis is placed not only on how simple photographic processes take place, but why.

MUSIC

A school without music is a forest without singing birds. Here at Nelson County High School the "singing birds" can find expression in the music department--the band and the choral group. It is an opportunity for those students of similar interests to develop their talents through musical education and to give pleasure to those who are not so gifted. Carpe diem.

Karen Crady admires Mr. Sanger's hand-carved batons. Karen is the student director for both band and chorus.

SPORTS

In our society, the opportunity for competition is ever present, and competition is only another means toward growth and maturity of ideas. Those participating in the world of sports profit from each contest of skill by learning to exert maximum sincere effort and by practicing sportsmanlike behavior. It is a way of adapting one's own behavior to fit a pattern at any time of life, whether it be in an athletic contest or in a wider life experience.

The coaching staff at Nelson County High School. These people help to make the athletic program worthy of our praise.

VARSITY CHEERLEADERS

Donna Taylor, Linda Carter, Phoebe Ann Tucker, Emilie Goad, Tanith Kilmartin, Lynn Mitchell, Ann Duncan, and Carolyn Campbell.

The group chose Tanith Kilmartin as head cheerleader for the 1964-65 season.

Our girls in green have worked hard this year to arouse enthusiasm by sponsoring pep rallies and putting up posters before each game.

THE GOVERNORS

We kicked off to a good start with summer training camp and returning lettermen which resulted in our best all-around season. We won nine games and lost only one. We placed four boys on the first team in District 4 All-District team, two boys on All-Central District team and one on the All-State team.

The largest crowd ever to witness an athletic contest attended the championship game between Amherst and Nelson. We won 7-0 and brought a lot of honors to the people of Nelson.

We have high hopes that a lot of our boys will go on to college and make as fine a showing there as at Nelson.

SOFTBALL

Catcher, Carolyn Hodock and batter, Joyce Tinder, get a bit of warm-up practice before a game.

The first girls' softball team in the history of NCHS played six games and ended its season with a won three--lost three record. Our major strength was in our hitting power--every starting player had an above .400 batting average. Our main weakness was errors in the field. Although an inexperienced ball club, the team has a great deal of potential and spirit. We plan to play approximately twelve games during the 64-65 season. None of our players graduate; therefore, we look to depth and experience to lead us through a successful season in 1965.

A nice catch, Cele!

Miss Faucette, Coach, instructs her girls before a game.

Sarah Davis demonstrates her pitching ability.

BASEBALL—SPRING 1964

The baseball season brought new faces to almost every position on the team with four juniors, three sophomores, and two freshmen making up the line-up for most games. These boys battled every step of the way to bring Nelson County a third place finish in the district with a 5-5 record. The record for all games was 5-7. The club scored double victories over Amherst and Appomattox while splitting the games with New London. Double losses occurred at the hands of Albemarle, Brookville, and Dan River.

MOMENTS TO REMEMBER

The Amherst-Nelson Football Game

The second graders from Lovington visit our school.

Several student organizations gave Preston and Mildred a gift at Christmas. Jackie Bailey makes the presentation during an assembly.

ACKNOWLEDGEMENTS

The annual staff of the 1965 Governor, Thos. Nelson Jr." would like to take this opportunity to thank everyone who had a part in making this edition possible - the advertisers, the faculty, the students, and all others recognized or unnamed. Without your cooperation we could not have been successful.

We would especially like to express our deep appreciation for the work of our dedicated sponsor, Mrs. Lincoln, who spent many hours of her personal time meeting deadlines.

We would like to extend our thanks to Mrs. Rutherford for her help along literary lines. Also, we thank the other members of the faculty who cooperated so willingly during picture-taking days.

We extend to the graduates our best wishes and hope that the rest of the student body will have a successful 1965-66 school year.

Carolyn and Margaret

ADVERTISEMENTS

Few pause to consider the value of those who advertise in our yearbook. Without them, publication of this volume would be impossible, so we seize this opportunity to thank these businessmen, friends, and patrons for their loyal support, and to express our deepest appreciation for their interest in the welfare of our school.

These girls, and many more, spent countless hours raising \$2000 to help finance the publication of THE GOVERNOR.

**THE
MOON...
and
beyond!**

Bright, new horizons await today's students . . . new technologies . . . new medicines . . . even the moon and whatever lies beyond.

How far today's students go in this space age depends partly on their imagination but primarily on their training. Conquering new horizons will demand more of today's graduates — more knowledge, more skills, more training and more specialization.

Our Free Enterprise system, with its high living standards, gives everyone an opportunity to "shoot for the moon" in any field. Whether or not our target is reached depends on how well trained we are to launch ourselves.
